NOTE: Please be advised that the banned equipment such as Hikvision, Dahua and its subsidiaries will not be repaired by us so please don't send these items as we do not carry parts for these equipment and the parent company in the Caribbean also don't sell those brands. We take security very important so hence the reason for this.

US Congress Passes Bill Banning Dahua and Hikvision

Author: IPVM Team, Published on Aug 02, 2018

UPDATE: August 2018: The bill has now been signed into law. The US House of Representatives has passed H.R. 5515, a bill that includes a **ban** on the use of Dahua, Hikvision and its subsidiaries.
